Postal Service-based Zip-to-District Table

Our most popular product (and one of the best deals in Washington), the Postal Service-based Congressional Zip-to-District Table is used by a spectrum of interests from government agencies preparing reports for Congress, to advocacy groups, and businesses.

This table is assembled using information from the U.S. Postal Service with a margin of error of three to five percent. Available in text (flat file), Access 2000, and dBase IV formats. The table is updated quarterly.

In addition, the Postal Service-based Zip-to-District Table comes with tables of all House and Senate members, their party affiliation, Capitol Hill suite, email* address, telephone and fax numbers** all in text format. These tables of the data set are updated weekly when Congress is in session.

Advantages:

- Available for use on multiple work stations
- Data is downloadable in a choice of three formats
- One table in a manageable size

File Formats and Sizes:

- Text (flat file): 9+ megs
- Access: 22+ megs
- dBase IV: 8 megs

Price:

\$475.00 annually. No one-time purchases. All orders must be paid at time of purchase by credit card: American Express, Discover, MasterCard, or Visa.

To purchase, please send an email to Mike Waters at mwaters@congressmerge.com or call him at 703-799-1189.

*The vast majority of congressional offices do not use regular email addresses for electronic communication. Instead they rely on web forms to limit electronic communications from only their constituents. The days of setting up a blast email program to Congress are long gone.

**We have all the fax numbers for each senator and all for the House except for two representatives who won't give out their fax numbers.
